SECONDARY TRANSITION TO TEACHING (T2T)

The Secondary Transition to Teaching programs are full-time, 18 credit hour, year-long field-based programs intended to develop and support reflective teaching, promote thoughtful and innovative practices in secondary schools, and make optimal use of the professional resources that currently exist in schools, the community, and the university. The programs are designed for students who have earned a baccalaureate degree in a content discipline and who are interested in becoming secondary teachers of that discipline. In most cases, full-time students will earn their secondary teaching certificate after one calendar year of course work and accompanying field experiences.

May 2021

LICENSURE AREAS

Your license will include a specified content field depending on your program of study.

- Language Arts/English
- Journalism
- Mathematics
- Science (Biology, Chemistry, Earth/Space Science, Physics)
